

Connections to Council Network Utilities (1995)

Minute Number: 1277/95

1. That as from Monday 6 November 1995 no connection may be made to any part of Council's water supply, sewerage or stormwater reticulation, except under permit and by an approved licensed contractor. This requirement will not apply to works undertaken under Council's primary asset management contracts.
2. That the licensing of contractors and the issue of permits to carry out approved work be undertaken by the Manager, Water and Drainage, with authority to delegate specific functions as appropriate.
3. That the decision of the Manager, Water and Drainage, to approve or to decline the licensing of any contractor, or to withdraw a licence previously granted, be subject to appeal to the Director of Works, in consultation with the appropriate committee chairperson.
- 4 That Minute Number 1705/80 be rescinded, with effect from 6 November 1995.
5. That there be no administrative fee to be charged by Council initially, but that consideration of administrative fees for the recovery of costs be considered in a further report to Council.
