### Estimated and Projected Population – Manukau City

At 30 June	Estimated resident population	Projected population <sup>(1)</sup>		
		Low series	Medium series	High series
1996	266,500			
1997	274,700			
1998	281,900			
1999	287,200			
2000	292,700			
2001	298,200			
2002	308,800			
2003	320,600			
2004	330,700			
2005	338,900			
2006	347,100			
2007	354,800			
2011		375,000	382,000	388,900
2016		403,600	417,800	431,900
2021		432,100	453,800	475,600
2026		460,500	490,100	520,000
2031		488,300	526,400	565,100

(1) Subnational population projections, 2006 (base) – 2031, released December 2007.

Table 5

### Projected Population and Household Change – Manukau City

Period	Population change <sup>(1)</sup>	Household change <sup>(2)</sup>
2007-2011	34,900	11,000
2012-2016	35,800	12,000
2017-2021	36,000	12,500

(1) Medium series of the subnational population projections, 2006 (base) – 2031, released December 2007.

(2) Medium series of the subnational family and household projections, 2001 (base) – 2021 update, released October 2005.

Table 6

### Births and Deaths – Manukau City

Year ended June	Births		Deaths	
	Historical <sup>(1)</sup>	Projected <sup>(3)</sup>	Historical <sup>(2)</sup>	Projected <sup>(3)</sup>
1991	5,090		1,310

2027		7,790		2,730
2028		7,790		2,730
2029		7,790		2,730
2030		7,790		2,730
2031		7,790		2,730

(1) Births to mothers resident in Manukau City by year of registration.

(2) Deaths of people resident in Manukau City by year of registration.

(3) Annual average of projected occurrences for five-year period. Medium series of the subnational population projections, 2006 (base) – 2031, released December 2007.

Table 7

### Net Migration – Manukau City

Period	Historical	Assumed <sup>(1)</sup>		
		Low	Medium	High
1982-1986	3,290			
1986-1991	2,580			
1992-1996	9,860			
1997-2001	11,350			
2002-2006	26,710			
2007-2011		5,000	10,000	15,000
2012-2016		6,000	11,000	16,000
2017-2021		6,000	11,000	16,000
2022-2026		6,000	11,000	16,000
2027-2031		6,000	11,000	16,000

(1) Subnational population projections, 2006 (base) – 2031, released December 2007.

Table 8

### Net Migration by Age – Manukau City 1997–2001 and 2002–2006

Age group (years)	1996–2001 <sup>(1)</sup>	2001–2006 <sup>(2)</sup>
0-4	-510	-450
5-9	2,010	3,270
10-14	2,420	3,830
15-19	-300	2,840
20-24	-590	1,730
25-29	1,740	3,550
30-34	2,010	3,650
35-39	1,710	3,230
40-44	770	2,320
45-49	30	860
50-54	160	60
55-59	1,670	2,510
60-64	210	150
65-69	240	20
70-74	50	-170
75-79	-30	-200
80-84	-80	-130
85+	-170	-350

(1) Calculated by subtracting estimated natural increase (births minus deaths) from estimated population change for the five years ended 30 June 2001.

(2) Calculated by subtracting estimated natural increase (births minus deaths) from estimated population change for the five years ended 30 June 2006.

Table 9

### Population by Broad Age Group – Manukau City

At 30 June	Age group (years)			
	0-14	15-39	40-64	65 and over
1981	61,540	76,980	41,010	11,990
1986	57,400	86,930	48,100	14,390
1991	60,350	93,530	54,830	17,290
1996	70,620	106,270	68,030	21,580
2001	80,170	112,390	81,070	24,550
2006	89,130	130,030	99,200	28,730
<b>Projected<sup>(1)</sup></b>				
2011	94,650	138,890	113,250	35,200
2016	100,280	149,830	123,360	44,330
2021	105,770	161,550	132,100	54,410
2026	109,670	173,020	140,440	67,010
2031	114,610	181,510	149,060	81,260

(1) Medium series of the subnational population projections, 2006 (base) – 2031, released December 2007.
