

PLAN OF COVER

PLAN OF FRAME

SECTION

NOTE:

1. Paving infill to Wunder Utility Access Cover to be in full compliance with the manufacturer's specifications and recommendations.
2. To be used in pedestrian and light traffic areas only. Loading not to exceed AS3996 Class B.
3. Covers are not to be used in road carriageway areas subject to normal vehicular traffic without the express permission of Manukau City Council. Supporting information from the Manufacturer showing that the proposed frame and cover can withstand the maximum vehicular load shall be supplied.
4. Where multiple units are proposed supporting information from the Manufacturer showing the proposed frame and cover can withstand the maximum vehicular load shall be supplied. The use of multiple units will be subject to permission from Manukau City Council.
5. Multiple units will not be permitted in the road carriageway area subject to normal vehicular traffic.
